To Whom It May Concern:

Over the last few years, it has been my pleasure to work with INJOY Stewardship in developing a Capital Campaign for the Morning Star church. From day one, Ken, David and the entire staff have shared insight with us that have challenged me to be a better preacher and our church to be more faithful stewards. The hidden opportunity of our journey with Injoy has been how they have unknowingly challenged me to be more sensitive to the needs of our members and I thank them for helping me to be a better Pastor. As a result of their knowledge in the area of stewardship, this journey will not end when the campaign is over; however, it is just beginning. Thank you INJOY!!!

In His Service,

Bishop Dwayne C. Debnam, Pastor
