Injoy Stewardship Services
ATTN: Mr. Joseph Sangl

Dear Mr. Sangl,

It is with great joy and sincere appreciation that I write this letter. Our church recently completed our three-year stewardship campaign under the capable leadership of Pastor David Holt. I specifically choose to refer to him as pastor because David served us not just as a professional consultant, but as a pastor caring for his people. And that made all the difference...

Our church leaders were already impressed with ISS after meeting the late Rick Campbell, but after meeting David and hearing that he was going to be our guide through the campaign, that was simply icing on the cake. Since I am pretty much a novice when it comes to campaigns, I made the commitment to "do whatever David told me." And it was worth it!

David is one of the most God-centered, authentic, and capable men that I have ever met. He took time to get to know us, and then met us where we were with our stewardship needs. Through his wise counsel and spiritual direction, he led our "Finally in the Land" campaign to be wonderfully successful. From the spiritual side, we all grew from the experience. Again, a big part was because of David's influence, his prayers, and servant leadership.

I consider David to be a good friend, and we continue to stay in touch. He is an inspiration to me, and one who still speaks wisdom and encouragement into my life. I am so grateful for this experience that we shared, and would highly recommend him to any church seeking stewardship assistance and spiritual guidance.

Yours in Christ,

Bob Bullis
Senior Pastor

Glorifying God by connecting people to Jesus Christ and His family and leading them to become His fully devoted followers.
